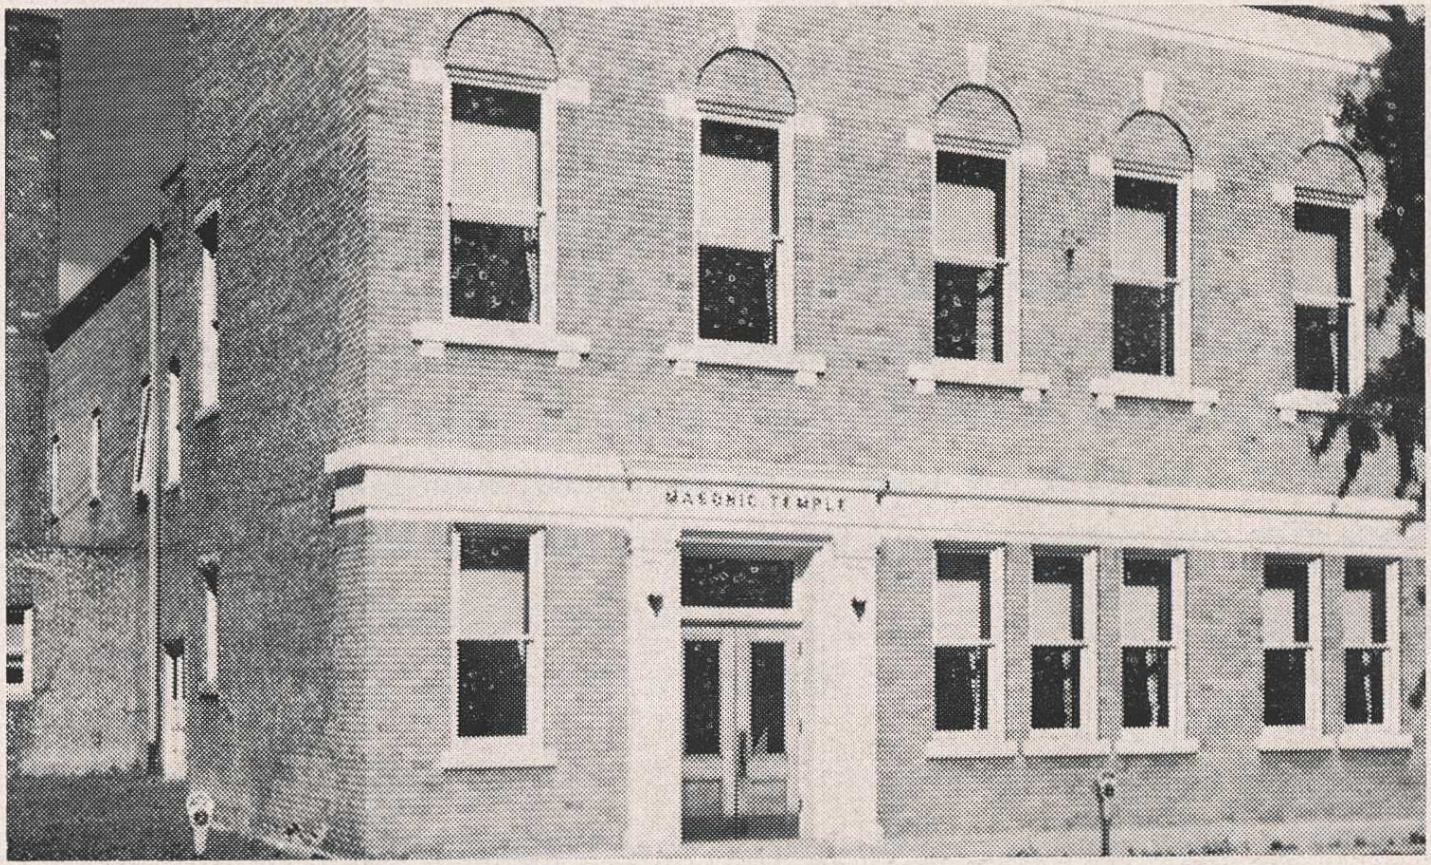
Research discloses that some of the older members have heard former members talking of meeting in the same, or a previous building on the site of the present City Loan on S. Main St., although this cannot be fully substantiated.

Earliest Known Temple was on the third floor of this building.



PRESENT TEMPLE

BROTHERS:

To serve as Presiding Officer of these bodies during the centennial year has been a most gratifying honor and privilege. Yet without the whole-hearted support of each and every member, the cooperation of the various committees in the discharge of many duties necessitated by an occasion of this kind the task would have been insurmountable. To you all we give our most heart-felt thanks for a job well done.
